Protaras-Paralimni offers plenty of venue options to host your wedding ceremony. Besides the municipal venues your options are enriched even further by the designated wedding venues of the hotels in the resort.

### **The Formalities...**

The legal formalities for a civil ceremony in Cyprus are relatively easy and straight forward and the staff at the Municipality of Paralimni, thoroughly enjoy meeting couples and helping them arrange the wedding of their dreams.

Following your arrival in Cyprus, you and your partner must visit personally or with your wedding planner assisting, the Wedding Registry Office of the Municipality, to make an application for a marriage license which is valid for 3 months.

You should be in position to present the following legal documents:

- Valid Passports
- Birth certificates
- Dated, stamped and signed original documents from the competent authority of your country of origin, for your present marital status (single, divorced, widow or widower) such as:
  - \*Statutory Declarations or Affidavits for UK passport holders
  - \*Certificate of Absence of Marriage by the Archives of the Registry Office of the Region for Russian passport holders
- Original Degree Absolute in case of a divorce
- Death certificate of their late partner in case of widowhood
- Name change documents-deed poll if any
- Copies of passports of two adult witnesses
- Letter of Consent from parents or guardian (If either party is under 18 years of age)

All documents (except if they are in Greek) must be translated into English by authorized translators.

### **The Ceremony...**

The wedding ceremony is simple and is carried out in English. Guidance is given at all times by the Marriage Officer. At the end of the ceremony you will receive your original Certificate of Marriage, signed by you and your partner, two witnesses and the Marriage Officer.

For further information please contact the Wedding Registry Office of Paralimni Municipality.
